

REMARKS/ARGUMENTS

Claims 1-66 have been allowed. Claims 67-72 also remain pending in the application.

Claim Rejections – 35 USC § 101

Claims 67-72 were rejected under 35 USC § 101, as being directed to non-statutory subject matter. The Office Action asserts that the claims are non-statutory because the claims are not capable of causing functional change in a computer.

Applicant has amended the claims to recite instructions for causing a computer to perform a function making the claims patentable. Support for the amendment may be found in the originally filed application including paragraph 100. Applicant submits the rejection has been overcome and accordingly respectfully requests that it be withdrawn.

CONCLUSION

In light of the amendments contained herein, Applicants submit that the application is in condition for allowance, for which early action is requested.

Please charge any fees or overpayments that may be due with this response to Deposit Account No. 17-0026.

Respectfully submitted,
